

FRONT-LINE

Where America's Buses Go to Market

-- 650 Red Oak Rd., Stockbridge, Ga. 30281 --

We are publishing ONLINE now but plan on returning to print-mail shortly. Rates are almost a giveaway now; See page 14. Look around, find something to advertise, maybe a wanted item, or a coach that's no longer pulling it's load, or your clientele has changed. We'll sell it for you!

We could use your help too, there's been closings, address & name-changes etc. and it's hard to keep up with it, so let us know what you know so we can all work together. Just a note, or a phone call can help us keep all in order.

BUT WE NEED YOUR HELP!

If you receive this and are no longer in the bus business, please let us know!!

Our mailing list has dozens, if not hundreds of bus companies listed that are no longer active, and we have very little chance of knowing which ones are and are not. Even the Post Office is lacking either the time or interest in sending corrections! For us to survive, we **MUST KNOW** who needs us to mail, and who has gone by the wayside. Please take just a few minutes and let us know who in your area is no longer active.

Email: addesk@frontlinebuses.com or call.

Like most all the motor coach industry, we have been almost on standstill since early in 2020. We now see a lot more movement both in passenger travels, and in sales and trading buses and believe it's time to let's move on.

Let's all do our part, move every thing we can until we see the industry moving at near 100% in the coming months and put this awful season behind us for good!

FRONTLINE

WHERE AMERICA'S BUSES GO TO MARKET

650 Red Oak Rd., Stockbridge, GA 30281

WWW.FRONTLINEBUSES.COM

FRONTLINE has been published since 1982! For many years it was printed as a black and white publication twice monthly. Since February of 2019, we transitioned to monthly with full color on enamel paper which greatly increases visibility, clarity and definition to buses and offers greater attraction and value to advertisers.

Our goal is to reach the entire motor coach industry with timely advertising for motor coaches and related products and services. We now mail to well over 4,000 companies in all 50 states. Our list is maintained regularly as operators come and go. *We reach the motor coach market in the United States!*

ALL SIZES and TYPES of buses are advertised from time to time. Small buses, large buses, older buses, newer buses. Take your pick. Businesses for sale show up regularly also. If it's connected to the motor coach industry in the United States, here is where you will find it! Printed and on the web: FRONTLINEBUSES.COM
